From London to Chicago, the fall shows at these museums and galleries offer plenty of ways to get inspired. Each institution was selected exclusively from The List, the destination for all things *Surface*-approved.

1. “Fernando and Humberto Campana: Hybridism” at Friedman Benda

The most sculptural work from the São Paulo–based artists to date, “Hybridism” features a collection of weird, wonderful objects—including a siren-shaped sofa upholstered in Amazonian fish hide and a pair of sofas with bases cast from found sticks and tree bark.

Friedman Benda, 515 West 26th St., New York, New York 10001, Sept. 7–October 14.
