

## NYCxDESIGN TOP 10: designboom's guide to new york design season

springtime in new york — the never ending cold has finally subsided, flowers are in bloom, and designers are too. from may 11 to 23, NYCxDESIGN hits the city, attracting hundreds of thousands who wish to indulge in design-centric exhibitions, installations, trade shows, panels, product launches, and open studios. there's more to see than you could ever get to — designboom rounds up a **TOP 10 list of highlights** so you don't miss the essentials.

### ***erez nevi pana at friedman benda project space***

**what:** a solo show by erez nevi pana titled 'consciousness'

**when:** may 3 – june 9, 2018 | 10:00 am – 6:00 pm

**where:** friedman benda: 515 west 26th street, new york

for his solo show, israeli designer erez nevi pana will present three series made from salt, asphalt and plant fibers that examine the impact of human interaction with the environment. by interrupting, enhancing or combining natural processes, he creates objects with the intention to reveal life forces and dormant energies and conjure what he calls 'intangible blueprints of our consciousness.' during milan design week 2018, the exhibition 'vegan design – or the art of reduction' curated by maria cristina didero surveyed the work of the israeli creative in the context of 'veganism', and his compliance with the rules of this specific ethical position.
