NENDO'S THIN BLACK LINES

Favorite and devoutly-followed Japanese creative collective Nendo is about to stage its first solo UK exhibit during next week's London Design Festival, presented in two parts: at the **Saatchi Gallery** and by **Phillips de Pury & Tan**, Katrina. "Nendo's Thin Black Lines", *Trendland*, March 15, 2012

Company's London Headquarters. True to form, Nendo's new series, called *Thin Black Lines*, turns everyday objects upside-down, with a line of 29 minimal furnishings made from steel and inspired by Japanese calligraphy. Each piece forms the bare, yet striking, outline that remain after simplifying paintings of plants and animals.
